

**KnippeRx™ Opens New Facility to Meet Growing Demand
for its Patient-Focused Specialty Pharmacy Services**

*Patient Support Center Expansion Will Further KnippeRx's Ability
to Provide Increased Speed to Therapy and Improved Patient Outcomes*

Charlestown, IN – July 29, 2019 – KnippeRx Inc., a highly nimble, independent specialty pharmacy designed to serve the needs of patients, payers, physicians, and pharmaceutical companies by providing the shortest possible path from prescription initiation to delivery of essential therapy, today announced the opening of a new Patient Support Center in Jeffersonville, Indiana.

With more than 8,000 square feet, the facility will allow KnippeRx to nearly triple the number of registered pharmacists and state-licensed pharmacy technicians that provide highly personalized patient access, adherence, and clinical support services.

“Demand for our patient-centric specialty pharmacy services has skyrocketed,” said Recie Bomar, General Manager, KnippeRx. “The registered pharmacists and state-licensed pharmacy technicians who staff our Patient Support Center are central to our success, and the opening of our new facility will allow us to expand our dedicated and expert team.”

KnippeRx, an affiliate of J. Knipper and Company, Inc., has transformed the specialty pharmacy experience with its nation-wide dispensing, integrated hub and distribution services. The company strives to assure patients enjoy maximum access to therapy. “Specialty drugs have a very unique set of distribution needs, which are not met by the traditional drug distribution channels,” said Michael J. Laferrera, President and Chief Operating Officer, KnippeRx. “KnippeRx has been designed to provide all of the unique services that the manufacturer needs to more effectively manage the specialty supply and fulfillment chain and to quickly and efficiently get those therapies to the patients who need them.”

With its combination of experienced pharmacy professionals, state of the art facilities, and proprietary technology solutions that streamline the intake process and remove barriers to access, KnippeRx quickly and efficiently gets those therapies into the hands of the patients who need them. Its extensive clinical and administrative expertise, combined with a wide range of patient-centric counseling services and rapid analytics that highlight time from prescription to therapy, help to drive improved patient outcomes.

Interested job applicants can find additional information about career opportunities at KnippeRx by visiting the [Careers](#) section of the KnippeRx website.

About KnippeRx Inc.

KnippeRx is a highly nimble, independent specialty pharmacy that was purpose-built to overcome the complex barriers to access, providing the shortest possible path from initiation of script to delivery of essential therapy. As a patient-centric focused pharmacy, KnippeRx provides personalized patient assistance that includes PAP and starter dispensing of specialty therapies, high-touch biologics, and other products requiring temperature control. Our clear concentration enables us to provide exceptional services to manufacturers, patients, providers, and payers—in a manner never before offered in the specialty care environment.

KnippeRx uniquely addresses the industry’s expressed need for increased speed to therapy and improved patient outcomes. We call it CARE. AT THE SPEED OF NEED.
